(since I don't like iTunes, it's so much better to manage the media with waltr) Reply Joseph Guthrie March 25, 2015 at 1:44 pm And now that I have an iMac (late 2010 model, custom spec), I can try my hand at a bunch of these apps, particularly the photo/graphics ones. CleanMyMac 2 is the way to go to clean up your Mac. One app I would recommend in the "Video" section would be DreamSync. The service syncs with iOS devices and other Macs, so you have access to your credentials wherever you go. It might not beat out Microsoft Office in terms of features, but that's not always necessarily a bad thing 5 Reasons You Should Use iWork Instead of Microsoft Office 5 Reasons You Should Use iWork Instead of Microsoft Office Many long-time Office users will be unwilling to transition away from the apps they're so used to working with, but it's time to give iWork another chance. This is where the award-winning productivity Mac application, Alfred comes in. Even longtime Mac users can always use a few helpful suggestions for improving their Mac experience. You can also transcode music, manage podcasts, and enjoy visualizations while listening. Tomahawk Another completely free alternative to iTunes, with a focus on bringing music that's scattered all over the web into one app. How to Master iOS 11's New Control Center How to Play DVDs in Windows 10 How to Stop Blue Light From Disturbing Your Sleep See More .
